

Tonish is dedicated to R&D and the production of environmentally friendly PVC products, high-tech enterprises of PVC fences, profiles, and panels.  
We have passed all ISO9001, ISO14001, CE, ROHS testing, including BSHOSAS18001 certification.

Tianjin Tongli Plastic Products Co., Ltd.

# Factory introduction

Tianjin Tongli Plastic Products Co., Ltd. (Tonish) is a high-tech enterprise, specializing in the research and manufacturing of PVC fences, panels and PVC door-window profiles. It situates at Wuqing National High-tech Development Zone between Beijing and Tianjin, covering an area of 60,000 square meters. This superior location gives the company advantageous transportation with a short distance of 85 Km to China's major port-Tianjin Port.

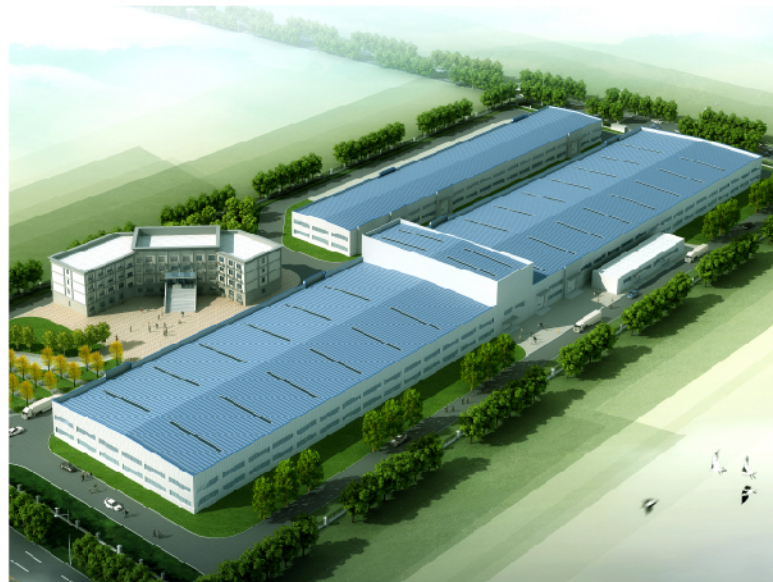

The company has been manufacturing PVC door-window profiles Since 1998. After years of continuous development and growth, there are already 80 extrusion production lines, 10 injection molding machines and 10 CNC engraving machines with annual production capacity of 80,000 tons. In recent years, the company has become an exclusive OEM manufacturer of Korean LG Hausys for UPVC door-window system in China. Meanwhile our own branded products have also been sold to more than 10 countries around the world. These achievements prove that we have established both a comprehensive manufacturing system and an advanced quality control system in line with the international standards.

Since 2020, the company has started to manufacture our own branded UPVC garden fence conforming to the F964-13 standard specification. Up to date, there have exported over 10,000 tons products to the US. We have consistently received positive feedbacks about the product quality and the professional service.

The company has set up a QC laboratory with a full range of testing equipment, especially Q-Lab instrument for testing the aging performance. At present, the company has passed the quality system certification of ISO9001, ISO14001, BSOHSAS18001 and CE, and the manufactured products have passed ROHS test.

With a professional engineering team and an efficient management team, the company is capable to flexibly and rapidly respond to client demand and provide suitable customized products and the best service.

The Semi-Privacy line has one of the largest selections we offer. Customers are invited to pick one of our pre-made styles or to custom design their own. Semi-Privacy panels are specially designed to offer privacy without a "closed in" feeling. Our extensive selection offers open lattice styles as well as the more secure "front to back" large picket styles.

Semi-Privacy fence panels include a metal reinforcement channel in the bottom rail to help create a stronger and longer lasting fence.
